

Uliana Heron

SOFTWARE ENGINEER

Profile

Seasoned software engineer with over 5 years of experience developing full-stack mobile and web applications for technology and healthcare companies. Proficient in both front and back-end technologies, including but not limited to React.js, React-native, CSS, HTML, TypeScript, AWS and RESTful APIs. My goal is to make meaningful contributions to each project, pushing boundaries while focusing on delivering exceptional value to both users and teams.

Employment History

Software Engineer, Froedtert & MCW, Milwaukee, WI

AUGUST 2021

- Led and delivered successful subscription service for providing virtual care within our application.
- Served as the primary subject matter expert for React Native, guiding the team on best practices and technical decisions.
- Successfully oversaw the transfer of app ownership from an external agency to the in-house development team, ensuring seamless knowledge transfer and avoiding disruptions.
- Delivered multiple high-impact projects on time, providing significant value to customers and improving app functionality.
- Integrated and maintained native SDKs to expand the app's capabilities and align with evolving customer needs.
- Mentored other engineers, promoting best practices and contributing to their growth within the team.
- Developed backend API services to interface with Epic (health system) data, ensuring smooth integration and optimal data flow to the front-end.

IT Support Specialist, GenoPalate, Milwaukee, WI

APRIL 2020 – JANUARY 2021

- Built full-stack web applications using React, JavaScript, AWS, and JSON to simplify employees interaction with customers' data.
- Assisted customer service teams with tech issues and ran marketing tests.
- Developed tracking tools, optimized internal software productivity, and supported cloud solutions using Tableau.
- Analyzed marketing, product, and financial data while managing databases in PostgreSQL.

Education

B.S Computer Science, Carroll University, Waukesha, WI

SEPTEMBER 2017 – JUNE 2021

Graduated at the top 5% of my class as Summa Cum Laude

Web Development Certification, Sinclair Community College, Dayton, OH

AUGUST 2019 – AUGUST 2020
